## THE NEW BOOK!

## ABOUT THE BOOK

**From Alignment to Enlightenment – The Path to Joy and Peace** focuses on spiritual empowerment and how to create pragmatic solutions to life's challenges operating from the position of the soul as opposed to the body.

We are all spiritual beings having human experiences. Alignment is about being centered, grounded, and in line with who you truly are. Enlightenment is about being completely aware of what is authentically true. We manage our own realities of peace or chaos based on how we align with who we truly are and whether we remain aware of that truth.

From Alignment to Enlightenment provides insights to becoming more in touch with the authentic you so we see situations, circumstances, and realities for what they truly are, with activities at the ends of several chapters to implement what you just read. It is a practical guide to living life in joy, peace, love, and tranquility, no matter the circumstance.
